Announcements

The Town Council has contracted with Webb Fuller. Webb will function as a consultant; his main responsibility will be overseeing the selection/hiring process for a new Town Manager.

From the Canal Dredge Project Manager-Update

Discussion continued this week with Byrd Bros., in our continuing effort to resolve the default issue to the benefit of all the parties impacted by it. Earlier in the week our Town Engineer extended the time for our contractor to remedy the default from 7 days to 30 days. Our intent is to allow sufficient time to prepare a resolution that will increase our chances of success.

Over the past months I have tried to avoid speculation and second guessing. We are all disappointed that our efforts have not been successful. I continue to believe very strongly in our project and that by making this second effort with new members on the team, we will be successful.

You may reach me with questions and comments at 252 619-5996 or jwbobx@embarqmail.com.

Thank you, Tom Bennett

Chipping Schedule

The Chipper will be working Sector #4 the week of February 22. All brush in Sector #4 should be out by Monday morning. Section #4 can start putting their brush out for chipping. Visit the [Town website](#) for more information on the Town Chipping Program. Chips are available, please contact [Sheila](#) with your address and place a sign off the rights-of-way where to put the chips.
