Cycle Across America

Wednesday Noon, May 12, John Henke will fulfill his dream of bicycling across America by dipping his front wheel in the Atlantic Ocean at our Hillcrest Beach Crossover. John is carrying the banner of the Rocky Mountain Cancer Centers Foundation: John's supporters have contributed many thousands of dollars in recognition of his efforts. The crossing will have been made in three stages. John started this, the last stage, in St. Louis on April 27th. A welcome gathering for John is forming; we will meet at the Hillcrest Gazebo at 11:30. Come join in and pay tribute to a cyclist of renown. John would be delighted to meet some of our local cyclists.
