Decorations, Christmas trees and even sweaters and coats were donated. She stated so many people responded that they are able to help more families. She and Sam (Williams) made twelve trips to deliver the items.

OLD BUSINESS

Consideration Zoning Text Amendment ZTA 11-03 Requested by Town Bank of Currituck-Second Reading

Mayor Denny stated this amendment was brought to Council at the November 1 Council meeting for public hearing but due to a tie vote it is now before Council for a second reading. He stated Council Member Lawhon is a past member of the Planning Board and Council Member Sanders has attended the past Council meetings, as a citizen, where this issue has been considered.

Mayor Denny moved to approve ZTA-11-03 as considered at the November 1, 2011 Council meeting. Council Member Lawhon seconded.

Council Member Kowalski stated he supports the amendment.

Mayor pro tem Hess stated she voted no at the last meeting but not because she objects to cupolas. She stated she wants any amendment to apply to all structures in the commercial district, not just banks. She stated she previously asked the Town Planner to provide a draft ordinance containing such alternative language. Copies of this draft language were handed to Council members which she read.

Council Member Lawhon stated there are several buildings already in Town that have cupolas.

Council Member Sanders stated he supports Mayor pro tem Hess's position.

Council discussed the possibility of directing staff to present a proposed code amendment which would allow cupolas on any building in the commercial zone at a later time but to proceed with a vote on this amendment as presented.

Mayor Denny called for a vote on the seconded motion before Council. The motion passed with Mayor Denny, Council Members Kowalski and Lawhon voting aye. Council Members Hess and Sanders voting no.

[Clerk's Note: A copy of ZTA 11-03 is hereby attached as Exhibit C].

Mayor Denny called for a brief recess. Upon returning Old Business items continued.

Tall Pine Bridge Replacement Project

The Town Manager stated NCDOT administers a Municipal Bridge Replacement Program in which reimbursement funding comes from the Federal Highway Administration and requires a 20% match from the participating local government. He stated the Town applied last fiscal year to replace the Tall Pine Bridge in the program and has now been notified it has been accepted. The current (FY12/13) Capital Improvement Planning Committee (CIP) considered the matter at its initial November 2, 2011 meeting and recommended placing it on the December 6 Council agenda for consideration to be initiated and funded in the current fiscal year. He responded to a question by the Mayor that there is a required ending date of October 2013 for Phase 1, Planning-Environmental/Design.

Participation requires three separate phases of work and related estimated expenses:

<u>Phase</u>	<u>Estimated Expense</u>	<u>Reimbursable:</u>
(1) Planning-Environmental/Design	\$150,000	\$120,000
(2) ROW Acquisition/Utilities Relocation	\$50,000	\$40,000
(3) Construction	\$750,000	\$600,000
Total Estimates:	\$950,000	\$760,000

The Program requires the Town to perform under strict guidelines, including bid solicitation/hiring of a qualified engineering firm for the first two phases, then another bid solicitation/hiring of a separate engineering firm for construction inspection. The Town is required itself to be the principal entity in all contracts for the project.

The Town Manager requests Council to authorize him to enter into this program by executing documents necessary for the Town's participation as described, and also recommends that Council enact a budget amendment for current FY 11/12 establishing an expense of \$150,000 for the first phase "Planning-Environmental/Design" and a corresponding revenue from the undesignated fund balance.

Joe Anlauf, Town Engineer, stated that the Town's bridges are required to be inspected every two years by NCDOT. The Tall Pine Bridge showed it had a life span of ten years some repairs have been made but wear has been shown on those repairs over the past two years. A plan is needed to replace the bridge and this is a one time opportunity.

Mayor pro tem Hess moved to authorize the Town Manager to execute necessary documents for the Tall Pine Bridge Replacement Project. Council Member Lawhon seconded. The motion passed with Mayor Denny and Council Members Hess, Kowalski, Sanders and Lawhon voting aye.

Budget Amendment #13-Planning and Design Phase-Tall Pine Bridge
