SECTION 28-3. (1) CONSTRUCTION ENCROACHMENT AGREEMENT: A property owner, or his agent, may apply to the town for a construction encroachment agreement. If approved by the Town Manager, the applicant may park construction related vehicles within the right-of-way, but no closer than four feet from the paved road surface or from any travel lane. Application may only be approved after finding that the applicant cannot practicably park on the property during the construction period. The street shall not be used for the storage of any construction materials, equipment, tools or supplies including, but not limited to, temporary water and toilet facilities. A construction encroachment agreement may be issued for a term no longer than six months and may be extended for two additional consecutive three-month terms so long as the applicant shall have generally been in conformity with the ordinances of the Town. No certificate of occupancy may be issued until the Town Manager has made a written finding that any road surface is in the same or better condition than upon commencement of the construction process.
