TOWN OF SOUTHERN SHORES
5375 N VA DARE TRL
SOUTHERN SHORES, NC 27949

Dear Property Owner:

This letter advises you that the property listed above is located on property that has been identified as being eligible under the Department of Defense's Formerly Used Defense Sites Environmental Restoration Program. The Formerly Used Defense Sites property name and project property identification number are SOUTHERN SHORES FUDS PROPERTY, SOUTHERN SHORES, and I04NC108501.

Congress established Department of Defense's Formerly Used Defense Sites Program as part of the Defense Environmental Restoration Program to address properties formerly owned by, leased to, or otherwise possessed by the Department of Defense that may contain environmental contamination or military munitions resulting from past Department of Defense-related activities. Department of Defense has assigned the Army responsibility for the Formerly Used Defense Sites Program, and the U.S. Army Corps of Engineers executes this program on behalf of Army and Department of Defense. U.S. Army Corps of Engineers is responsible for identifying, investigating and, when necessary, conducting an appropriate response to address such contamination or military munitions at approximately 4,800 Formerly Used Defense Sites across the country.

Available information indicates military munitions may be present on or near your property as a result of past munitions-related activities that Department of Defense conducted on this Formerly Used Defense Sites property. More specific information is enclosed. Should military munitions remain on this Formerly Used Defense Sites property, they are most likely below the ground surface; however, there is a possibility that some may have become partially or fully exposed. If present, these military munitions may pose an explosive hazard to you, your family, other property users, or the public. The Army recommends you share the enclosed information with those who use your property, including those who lease or rent your property.
