

Addendum No. 3
Path Construction Project
South Dogwood Trail
Southern Shores, Dare County, North Carolina
August 30, 2019

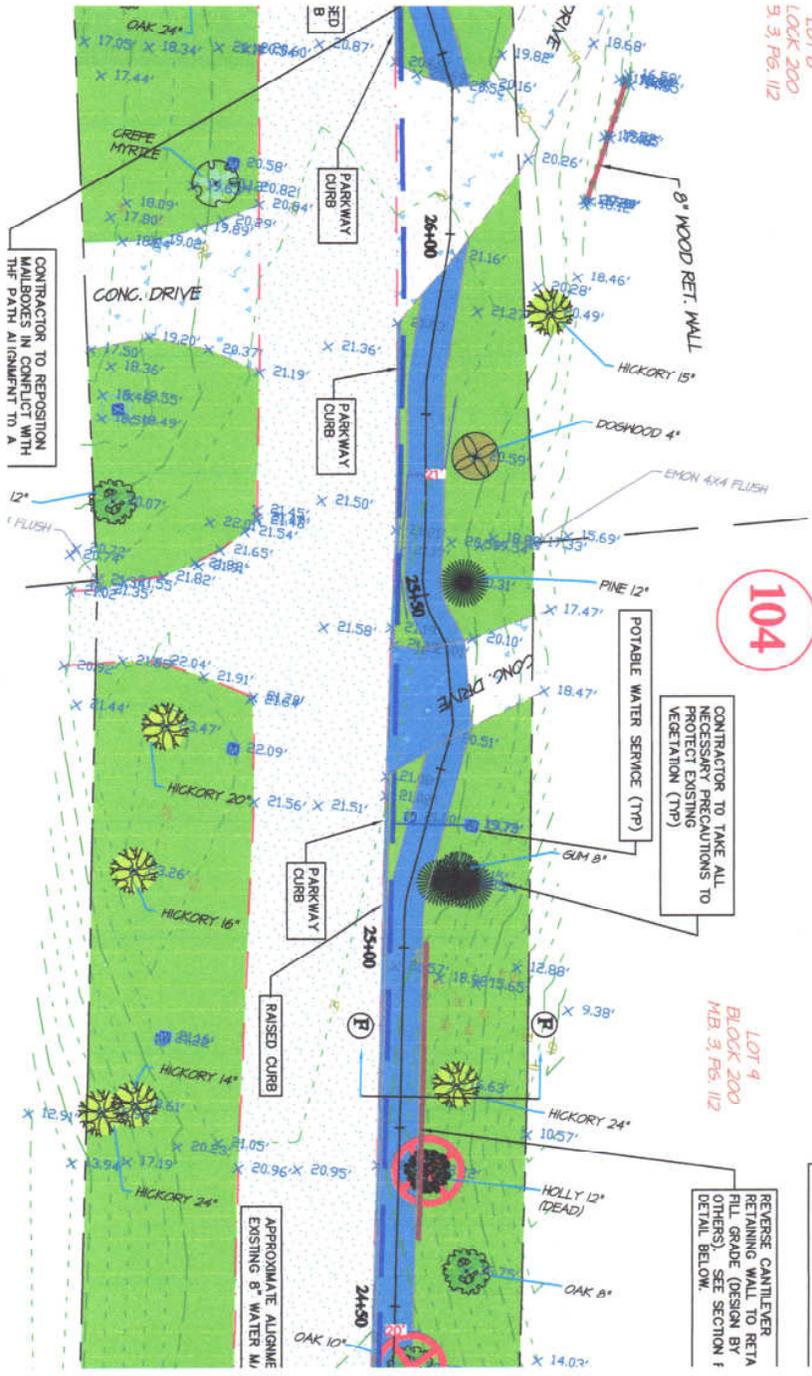

The following shall take precedence over the plans and specifications of the above named project and shall become part of the Contract Documents. Original items of the specifications, contract documents and information indicated on the drawings not herein modified, amended, voided or suspended shall remain in effect.

General

1. The bid opening will be postponed until 10 a.m. on Thursday, October 3, 2019. The bid opening will be at the Town of Southern Shores Town Hall at 5375 N. Virginia Dare Trail, Southern Shores, NC 27949. The Americans with Disabilities Act (ADA) standards provide conditional departures from compliance with ADA standards for portions of pedestrian paths and trails used for recreational purposes where strict compliance would cause substantial harm to significant natural features or characteristics or where strict adherence to the standards is not feasible due to terrain (excessive slope or cross slope). The alignment of the path contains both significant natural features and characteristics and excessive slopes. The Town will be using the additional time during the extended bid period to have a small number of path sections evaluated for ADA compliance prior to opening the bids.

Plans

1. Due to the condition of the existing driveway apron at 104 South Dogwood Trail the plans have been revised to include a concrete driveway apron replacement at this location. Please see the sketch for the proposed apron limits.
