March 16, 2020

From the Mayor,

The Dare County Control Group met earlier today and decided to declare a State of Emergency. This allows the County to take certain measures which otherwise might not be permitted or available to them. I have decided to follow suit and implement the same action by/for our Town. I believe it essential to take as many proactive measures as we can in dealing with the potential impact of the Coronavirus (COVID-19).

It is anticipated that we will see an increase in the number of persons impacted by this virus in the near future and our actions in response should reflect measures to protect us, as much as possible.

Thank you,

Thomas G. Bennett
